

# 16<sup>th</sup> International Conference on Surface X-ray and Neutron Scattering 23-26 June 2020, Lund, Sweden

The conference is focused on emphasizing novel techniques for surface x-ray and neutron scattering including instrumentation and source development. Topics will include in-situ and in-operando surface studies, nanostructured surfaces and interfaces, surface and interfaces in soft matter, biological interfaces, magnetic materials, emergent interfacial materials, and dynamics of surfaces, interfaces and nanostructures.

## Confirmed Speakers:

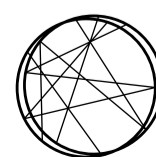

- Robert Feidenhans'l (XFEL, Germany)
- Robert Thomas (Oxford University, UK)
- Gary Harlow (Lund University, Sweden)
- Thorsten Hesjedal (Oxford University, UK)
- Nina-Juliane Steinke (ILL, France)
- Kazue Kurihara (Tohoku University, Japan)
- Binhua Lin (University of Chicago, USA)
- Ka Yee Lee (University of Chicago, USA)
- Mrinmay Mukhopadhyay (Saha Institute, India)
- Peter Müller-Buschbaum (TUM, Germany)
- Ben Ocko (Brookhaven National Lab, USA)
- Adrian Rennie (Uppsala University, Sweden)
- Hyunjung Kim (Sogang University, Korea)
- Alessandra Luchini (University of Copenhagen, Denmark)
- Elin Grånäs (DESY, Germany)
- Elias Vlieg (Radboud University, the Netherlands)

Abstract submission deadline: 9 March 2020 | Registration Deadline: 30 April 2020
